

YNC E-Commerce Customer Support Policy

1. Refund Policy

Customers are eligible for a full refund within 30 days of purchase, provided the product is unused and in its original packaging. Refunds are processed within 5-7 business days after the returned item is received and inspected. Digital products and downloadable content are non-refundable once accessed. Shipping costs are non-refundable unless the return is due to a defective or incorrect item.

2. Shipping & Delivery Policy

Standard shipping takes 3-7 business days. Express shipping (1-2 business days) is available at additional cost. YNC is not responsible for delays caused by courier services or customs. If an order has not arrived within 10 business days of the estimated delivery date, customers should contact support with their order number. A replacement or refund will be issued for confirmed lost shipments.

3. Product Defect & Replacement Policy

Products found to be defective on arrival must be reported within 7 days of delivery. Customers are required to provide photographic evidence of the defect. Upon verification, YNC will ship a replacement unit at no additional cost. If the exact product is unavailable, a full refund will be issued. Defective items must be returned via a prepaid return label provided by YNC support.

4. Account & Billing Policy

Customers experiencing account access issues should use the self-service password reset tool. Support agents may assist with account unlocking after identity verification. Billing disputes must be raised within 60 days of the charge date. Duplicate charges will be investigated and refunded within 5 business days. YNC does not store full credit card details; all transactions are processed through a PCI-DSS compliant payment gateway.

5. Escalation & SLA Policy

All support tickets are acknowledged within 1 hour. Standard tickets are resolved within 24 hours. High-priority tickets (billing, defective products) are resolved within 4 hours. Critical tickets (data breach, mass order failure) are escalated immediately to the senior support team and resolved within 2 hours. SLA breaches are reviewed weekly by the support manager.

6. Privacy & Data Policy

YNC complies with GDPR and applicable data protection laws. Customer personal data is used solely for order processing and support purposes. Customers may request access to, correction of, or deletion of their personal data by contacting privacy@ync.com. Data deletion requests are processed within 30 days. YNC does not sell customer data to third parties.

7. Discount & Promotional Code Policy

Promotional codes must be applied at checkout and cannot be applied retroactively to placed orders. In cases where a valid code failed to apply due to a system error, support agents may issue an equivalent account credit. Codes are single-use unless stated otherwise. Expired codes cannot be honoured.
